DEATH OF EINSTEIN. 19/4/55,

With the death of Dr Albert Einstein [redacted], the world has lost the foremost scientist of our time. Much of his work has been too advanced to be fully understood by most laymen --- but he was acknowledged [redacted] to have revolutionised ideas of [redacted] time and space. 14 1

PRINCESS MARGARET.

A crowd of many thousands took part in the pilgrimage to the new Cathedral at Guildford in Surrey --- only the third Cathedral to be built in England, since the Reformation. 8 4 Attending th the ceremony was Princess Margaret --- who was greeted outside the Cathedral by the Right Reverend Montgomery Campbell, Bishop of Guildford. 6-7 5

Inside, Her Royal Highness saw a model of the completed work — and wrote her signature on a brick to commemorate the occasion. 6 4

DUKE OF EDINBURGH.

A helicopter landing at Aldershot brought the Duke of Edinburgh to inspect the 16th Independent Parachute Brigade Group in Rushmoor Arena. 6-7 3

From the saluting base, the Duke watched the ~~march~~ DRIVE past of these impressive units -- the mighty offspring of a striking force that was born in 1940. 8 2 And later --- at Caesar's Camp --- the airborne men gave a training demonstration --- with live ammunition. 4 10

NEWSPAPER STRIKE.

After a strike lasting nearly a month, there was good news from Fleet Street. As a result of further meetings between the Newspaper Proprietors' Association and the Unions, the men agreed to accept an offer [redacted] and go back to work, pending further negotiations. Good news [redacted]
