 The danger of the Japanese refusal to
 be limited to the 14" gun, which has already lead
 to a decision by the AMERICANS to take up 16" guns
 is that if these huge MONSTER weapons become fash-
 ionable the size of battleships will go up in pro-
 portion until you may monsters of 50,000 tons COST-
 ing 10,000,000 pounds apiece, infesting the oceans
 and depressing the taxpayer.....42 "
