HARWOOD'S SPEECH.

"...An 11" shell from the "Graf Spee" cam in through the port cabin in Captain Woodhouse's 'Ajax". It wrecked his bathroom and then went through 'X' turret and through my golf bag and finally ended up in my bunk where it burst and among many other things that it wrecked it also wrecked my bathroom. Well a day or so later when we received the signal that it was the honour of H.M.King to present to myself and Captain Woodhouse the K.C.B. and C.B. I heard one sailor say to another "Blimey and they ain't got a blinkin' bath between 'em "!
