THE KING VISITS A BOMBER COMMAND

In the briefing room where men are told where they are going

(Room with maps etc. Men standing at table)

The King watches and listens to the briefing

Examines photos with Air Marshal Pierce (?) various shots

The Crews room where the crews now in flying kit round big table

receive final instructions and latest weather reports etc. The

King with Wing Commander listens to proceedings

Cut in shots of crews etc. adjusting

Their kit and leaving for flying ground

After the raid, back in briefing room Crews enter and take coffee and

sandwiches. They are then called to table (this time sitting in

chairs) for interrogation on flights. The King enters and listens

to proceedings, then talks to the men himself and pores over maps

to see where they have been

various angles and cut in shots
