U.S.A.

CONTINENT

REMARKS: The attached order is a copy of one sent to the Captain of the French ship "Combat" stationed at Portsmouth. An officer will call at the Queen's Hotel Southsea on Saturday night after dinner to discuss with you the arrangements to be made for shooting on Sunday.

Please obtain a few feet of the Church service on Sunday morning and afterwards make arrangements to get a few scenes of French sailors apparently enjoying a Xmas dinner.

I have been unable to find out the voltage
on board the "Courbet" so you
should ~~let~~ take down lamps for 110 or
230 volts.

Special note. Please ensure that
only sailors in French ^{naval} uniform appear
in the picture. In the shot of the
church service have all French
uniforms in the front ranks.

This is important, as some of the men
will be in British sailors uniform
and it is essential to keep that
fact out of the picture for certain
reasons.
