EDEN'S SPEECH:

"This is the first opportunity we've had to welcome to an inter-Allied meeting a representative of the Soviet Union and I am sure I shall be expressing the general wish in extending a warm welcome to the Soviet Ambassador who is representing his Government at our meeting to-day (applause). Mr. Maisky has I understand an important statement to make on behalf of his Government and I think it will be convenient if I ask him to make this statement at an early stage in our procedure."

MAISKY SPEAKING:

"The first task of all nations and all stations compelled to wage war against Hitlerite Germany and her allies is to bring about the speediest and most decisive defeat of the aggressor.

"The Soviet Government believes that the most imperative and most pressing task of to-day is the correct allocation of all the economic resources and war supplies with a view to an early liberation of all the European peoples now oppressed by Hitlerite slavery."

ALLIED CONFERENCE AT ST. JAMES'S PALACE.

LV PAN OF CONFERENCE:

EDEN'S SPEECH: LV SPEAKING.

"Gentlemen at the conclusion of the last inter-Allied meeting on the 12th of June, I expressed the hope that it might be possible for us to inaugurate at the outcome of that meeting a new phase of collaboration and that the meeting might form part of the machinery through which ~~the~~ victory would be won and by which peace would be maintained after victory.

SEMI VIEW:

"As the Allied representatives will have realised from a note inviting them to this meeting a certain amount of preliminary work has been accomplished preparatory to this further meeting for which I am very happy on behalf of His Majesty's Government to welcome the representatives of the Dominions and of our Allies. Shortly after our last meeting Hitler, following his now invaluable procedure launched, without warning, an attack on the Soviet Union, SV.... whose government and citizens have since been defending themselves with a courage, tenacity and skill which has won the admiration of the world. ^{OF} This is the first opportunity we have had to welcome to an inter-allied, meeting a representative of the Soviet Union and I am sure that I shall be expressing the general wish in extending ~~the~~ a warm welcome to the Soviet Ambassador who is representing his Government at our meeting to-day." (applause)
"Mr. Maisky, has I understand an important statement to make on behalf of his Government and I think it will be convenient if I ask him to make this statement at an early stage in our procedure. ^W We also welcome here for the first time ~~the~~ at one of our inter-allied meetings, the ~~Greek~~ Greek Prime Minister and Minister of Finance, who have just arrived here with the King of Greece.

LV. We are proud to have with us in this country representatives of the gallant Greek nation whose heroic resistance ~~and~~ has been a source of inspiration to the whole Allied Cause. Gentlemen before I introduce the formal business I would like to discuss and secure your approval of the procedure which we contemplate. I would propose, first of all to call upon Mr. Maisky to speak on behalf of the Soviet Government after which I propose to introduce a resolution regarding the recent statement issued by the President of the United States and

our Prime Minister, Mr. Churchill, and to invite it's acceptance by the Allied governments. If there is still time this morning ~~or~~ or if not at this afternoon's session we will proceed to the discussion of the resolution regarding of the supply of the essential requirements to Europe after the war which is the second purpose of this meeting."

FINIS EDEN.

LV MAISKY SPEAKING:

"The present conference has assembled in London at a time ~~when Hitlerite Germany, after having~~ when Hitlerite Germany, after having enslaved and ravaged several European countries, is conducting with particular force and unprecedented brutality predatory war against the Soviet Union. Three months have elapsed since that day when the panzer hordes of Nazi Germany treacherously attacked my country and invaded its territory .

"For three months (change of lens to SV) [the Soviet people and their beloved Red Army, Navy, and Air Force have been waging a heroic battle against the perfidious enemy, bearing upon their shoulders the main burden of the fight against the blood-thirsty aggressor, who threatens the social and political institutions and achievements of freedom-loving nations, ~~taxxxx~~ who endangers the very foundations of culture and civilization. In this war, imposed by Hitlerite facism upon the democratic countries, the destiny of Europe and the destiny of humanity itself for many decades to come is being decided. It cannot be tolerated that peaceful and freedom loving peoples should be menaced by the Nazi yoke, and that a gang of Hitlerite marauders armed to the teeth, pretending and proclaiming itself to be a master race, should continue to demolish towns and villages, to convert flourishing lands into deserts, to exterminate thousands, and hundreds of thousands, of peaceful people, with the delirious idea (change of lens to LV) that the Hitlerite murders must dominate the world. The first task of all nations and all stations compelled to wage war against Hitlerite Germany and her allies is to bring about the speediest and most decisive defeat of the aggressor. For the full accomplishment of that task they must assemble and devote all their strength and resources, and determine the most effective ways and means of reaching their goal.

It is the task which ~~exists~~ the present time unites all the governments which have sent their representatives to this conference. Our countries face also the most important problem of laying the basis for the organization of inter-national relations, and of constituting the post-war world in such a way as to spare our peoples and our future generations the monstrous crimes of Nazism, incompatible with human culture. The Union of ~~Soviet Socialist Republics~~ Soviet Socialist Republics is firmly convinced that this task will be successfully accomplished and that as result of complete and finaly victory over Hitlerism (change of lens to SV), there will be laid a true foundation of international co-operation and friendship, corresponding to the aspirations and ideals of freedom-loving peoples. [That is what all the peoples of my country are striving for. That is what inspires ~~the~~ the Soviet Government, in all their activities and in its foreign policy.] The Soviet Union has applied and will apply, in its foreign policy the highest principal of respect for the sovereign rights of the peoples.

SV PAN OF THE CONFERENCE. ".....othere peoples and to involve them in war. "The Soviet Union has un/tiringly and resolutely advocated, and advocates to-day the necessity of collective action against aggressors as one of the most effective means of bringing about the triumph of these principles and advancing the peace and security of nations.

SEMI VIEW:MAISKY SPEAKING: "Attributing great importance to the equitable use of all material resources and food stuffs in the post-war period, [the Soviet Government believe that the most imperative and most pressing task of to-day is the correct allocation of all the economic resources and war supplies with a view to an early liberation of ~~the~~ all the European peoples now oppressed by Hitlerite slavery."
