Dear *Cummins*.

I attach notes relating to the Newsreel of the FOUR CANNON HURRICANE.

It would be much appreciated if acknowledgment is made in the commentary both to the Air Ministry and Ministry of Aircraft Production. This is very desirable not only on account of future facilities which will probably be arranged by these Ministries jointly, but also because this Newsreel will be shown in Factories and at Royal Air Force Stations.

Yours

Sincerely

C.N. B.L.K.
