

FLASHES

The women of Lebanon are making a new kind of nets to catch a new kind of fish, namely, metal harbour-nets to trap

Nazi submarines. The Royal Navy shows them how to do the job. *It's w.p.s 4 t during U-Boat*

~~It will be remembered that Lebanon was recently the scene of a little trouble between its government and the~~
~~fighting forces~~ but that 's all blown over and the people

~~of the little Republic are not concentrated on winning the~~

~~war...~~ These are the floats by which the submarine nets are suspended. ~~They~~ They 're/all size and no weight, ~~but~~

~~when they are in use they make it~~ possible

for U-Boats to enter the ~~harbour~~. *so* The women of Lebanon

are doing a good job, contributing to the U-Boats' complete defeat.
