S.S. CAROLE LOMBARD LAUNCHED

Box
11704

The beautiful actress, Carole Lombard, who met death in air crash while touring the country selling war bonds, is honoured by her countrymen.

A giant new Liberty ship, the S.S. Carole Lombard, is named in honour of the star whose motion pictures were known round the world.

Lieutenant Commander Robert Montgomery and Miss Lombard's husband, Captain Clark Gable, are here as Irene Dunne smashes the traditional bottle against the ship's bow.

With this great merchant ship, the American people pay tribute to an ardent patriot.
