

BBB MAKE BIG PROGRAM CHANGE OVER

Horace Percival, Sam Scram to his firends, wants to know all about the new program we're sharing with troops overseas. Now we shall all hear announcers well known to the troops.

The women announcers have quite a fan mail. The boys write to them when they ought to be sending letters to their mothers. After they've seen these pictures they may not even write to their sweethearts. Joan Griffiths is *quite* famous for ^{her} talks.

Many programmes are recorded, ~~many programmes~~ as they have to be broadcast at night. They include ~~the most famous~~ ^{some that are} ~~programme of all, etc.~~ *well*

So from now on home listeners will hear the same programmes as the ~~man~~ fighting men in the field or afloat. The switchboards are really a link between us. It's a good i- i- a good id-id- i e
