3. SCU Well there is something I would like to make clear to you. ~~At~~ <sup>made</sup> At the end of 1941 the first propaganda ~~XXXX~~ the people of France and of the whole world believe that as an artist I have made a tour of Germany during the war during the German occupation in France. [ I want to say that it is absolutely untrue I have never made a tour of Germany whatsoever. I just accepted to go and sing in a prisoners camp in Germany. The French prisoners camp where I had been a prisoner myself in the last war. I just sang there one afternoon to cheer up the boys and I never sang anywhere else. I just sang there one afternoon and did not accept any money for it I just asked and got the release the liberation of ten French prisoners. That's all ladies and gentlemen I am glad to tell you the truth now that it is possible for me to do it. ] I hope also that France will soon recover

4. LV Maurice Chevalier. [ I hope that France will soon recover and I also hope that very soon also I will be able to come up and see you some time. ] Even for a change and thinking of that I can't help remembering the song that I used to sing some time ago when I was in your country and that song went about like this. I don't play the piano so Je suis. ]
