But if they want a No. 2. front all right they can have a  
No. 2. front. Now when is it going to begin? Now do you remember when  
we finished the campaign in Africa we said the next thing we will do is we  
will knock Italy out of thewar, and we started with this by bombing the  
Italians. [We bombed them for two months. When we thought they had had  
enough I took the 8th Army across the water and we went into attack. Quite
