World Jigsaw Takes Shape.

At Chateau Frontenac, Quebec, the United Nations Food
and Agricultural Conference gathers representatives
of thirty nations to replan the crazy distribution
system
EXTREGENERAL OF a world where people starve although
there is plenty to eat. There is a place for every—
-thing and the right place for discussions on this
subject is in the producer countries where vison is
not blocked by queues and ration cards.

In trouble making and toymaking, Germanyhas an outstandin Office the stiffling the farmer one, steps are baking treatele making and toymaking taken to encourage the intime other. Some millions of Means to make the must be stifled forever, British children are only familiar with one theeforer side of the remark feutons mechanical genius. That steps Teutonic industry... and that steps are taken to direct this into useful channels will be good news to the children who face yet another Xmas of ersatz apologies from the xxxxxxxxxxxxx at the short end of a utility stocking.

In trouble making and toymaking, Germany has an out standing record. Millions of British children are only familiar with one side of Teutonic machanical genius.

That steps are taken to direct this into a useful channel will be good news to our children, who face yet another

Ymas of ersatz apologies at the foot of utility stocking. It is doubtful if

Textextextextextextextextext displays like this will

gladden the hearts of our shelter reared youngsters this signs there are year, but therexis xxxxxxxxx that the worlds grown ups appreciate bring

remember xxxxxxx that that toys xxxxx happiness.

Thirty thousand United States Army horses and mules are up for sale to the public. Demobbed, in fact. Age and Service group is enecked in the accepted manner. and with his A B sixty four tattooed inside his lower lip the maleased war veteran thunders off to freedom.

THE REAL DIFFERENCE IS ON THE METHOD ? THE ROYALISTS FAVOURING THE MAJORITY SYSTEM AND THE REPUBLICANS PROPORTIONAL

REPRESENTATION. A RESHOFFLE OF THE CARINET IS INKELY

AFTER THE REGENTS RETURN FROM BRITAIN.

From summer pastures to winter feeding grounds

Mans' age old friend passes from summer pastares to winter feeding grounds, from the schem of mechanized battle to the peace of farm and countryside.

There's horse sense in the world again.

MUSIC BACKGROUND.... SEE CUE SHEET.

WORLD'S JIG SAW TAKES SHAPE

At Chateau Frontenac, Quebec, the United Nations' Food and Agricultural Conference gathers representatives of thirty nations to replan the crazy distribution system of a world where people starve although there is plenty to eat. There is a place for everything and the right place for discussions on this subject is in the producer countries where vision is not blocked by queues and ration cards.

In trouble making and toy making, Germany has an outstanding record.

Millions of British children are only familiar with one side of Teutonic mechanical genius. That steps are taken to direct this into a useful channel will be good news to our children, who face yet another the of ersat apologies at the foot of utility stockings. It is doubtful if displays like this will gladden the hearts of our shelter-reared youngsters this year, but signs there are that the world's grown-ups appreciate that toys bring happiness.

Thirty thousand United States Army horses and mules are up for sale to the public. Demobbed, in fact. Age and Service group is checked in the accepted manner, and with his A.B. tattooed inside his lower lip the released war veteran thunders off to freedom. Man's age-old friend passes from summer pastures to winter feeding grounds, from the scenes of mechanised battle to the peace of farm and countryside. There's horse sense in the world again.

EXC. - #20

November 2, 1945

TITLE: FOR SALE: 30,000 G.I. HORSES

- 2. Ft. Robinson, Neb. Honorable discharge for the Army's famous horses and mules 30,000 of them up for sale to the public. Broken as draft, pack or riding animals, they're kept in constant training and condition for their future private owners. And they have to see their dentist regularly, too!
- 9. For identification in the round-ups, all animals are tatooed inside their lower lips -- a painless substitute for the branding iron.
- 13. Now the drive from summer pastures to winter feeding grounds. The dashing four-footed hero of other wars passes from the scene of modern mechanized battle to America's farms and plains.
- 22. Round-up for final sale as surplus property of the United States

 Government and journey's end for the pride of the old cavalry.
