PRESIDENT TRUMAN

1. LV PRESIDENT TRUMAN SPEAKING:

There has been talk about the atomic bomb scrapping all navies, armies and airforces. For the present I think that such talk is 100% wrong. (applause) Today control of the seas rests in the threats of the United States and her allies. ~~MMMMMM~~

2. BV PRESIDENT TRUMAN

There is no substitute for them.

3. SV PRESIDENT TRUMAN

We must find an answer to the problems created by the release of atomic energy. We must find the answers to the many other problems of peace, in partnership with all the peoples of the United Nations.

4. BVV PRESIDENT TRUMAN

For the first shape in world peace is as great as our own.

5. SV

~~MMMMMM~~ Indeed the highest hope of the American people is that world co-operation for peace will ~~MMMMMMMMMM~~ soon reach such a state of perfection that atomic methods of destruction can be definitely and effectively outlawed forever. (band plays and applause)
