- 1. TITLE: FROM DENMARK: GOOD-WILL GYMNASTS!
- 2. Washington, <sup>prob the</sup> First stop for Danish gymnasts on a good-will mission! They are Danish college students here to visit American universities on an 8-month coast-to-coast tour.
- 8. On the roof of the F.B.I. building the group takes a workout. In Denmark, as in most of Europe, the emphasis is on rhythmic exercises and the precision of gymnastic training. Quite different from our insistence on competitive team games and contact sports.
- 14. The boys go in for more strenuous gymnastics!
- 19. Now - stylized leap-frog! And a good-will mission is off to a fast, flying start!
