Lifts his crop with road drill

"Herald" Reporter

FARMER J. H. Moorhouse,
of Jupes Hill, Dedham,
Essex, is taking a pneuma-
tic road drill to his parsnips
today.

For a month several acres of
his parsnips have been frozen into
the ground—and housewives are
crying out for vegetables.

Yesterday Mr. Moorhouse went
to a firm of contractors and hired
its biggest road drill.

While the drill with its compres-
sor breaks up the ground, farm
workers will follow with pickaxes
and gather the parsnips.

"This is the only way I can see
of doing the job," Mr. Moorhouse
told me. "The ground is frozen
to a depth of seven or eight
inches."
