

## SPORT STEPS OUT

There was no royalty, no summer frocks at Ascot for this event. but Sydney Wooderson lent an Olympic tone to the meeting; 276 frost-defying athletes took the place of race horses and held the Southern Counties senior cross-country championship. It was a ten-mile race over Ascot Heath, and these heroes of the freeze-up were soon the warmest people in England. The favourites, who don't always win at Ascot, were the famous Belgrave Harriers, but influenza prevented their putting a star team in the field. [Wooderson ~~is~~ is taking up cross-country running seriously, now that his career on the track has pretty well run its course.

[The great mile runner finished fifth. Aylsford Paper Mills won the team race and the individual winner - ten miles in 54 minutes - was L. W. Herbert, of Belgrave Harriers Daytona Beach, Florida. 160 crack U.S. riders in the 200-mile championship, ~~over a 3-mile course.~~

Over to seattle, on the Pacific side, where it's so warm that water-ski-ing is already in full swing.

They're so excited now the season's opened they can't stop for meals. It needs care when you take a drink or you're soon in the drink.

Take a rest, sister. When it gets dark they'll bring a bed.

Water-ski-ing, new version. The sport of the century.

SUBTITLE: HANDLEBAR DERBY!

They're off on the world's greatest motorcycle race. The eleventh annual 200 mile championship over the sands of Daytona Beach, Florida. 168 dare-devils riding the fastest racing motorcycles in North America. Look out for spills! On the ticklish curves of the three mile course sudden death can be riding the handlebars!

Formula for winning is to turn the throttle wide open and leave it there.

This is it! Winning handle-bar expert is Joe Spiegelhoff of Milwaukee.

WFT SKIING!

Water skiers on Seattle's Lake Washington show an early Spring form. Just a few miles away, in the Cascade Mountains, snow skiing is at its peak. But why drive way up in the mountains with a lake in your front yard? After all, Spring is coming! And, beside you can't do this when you're sliding down a mountain.

Water skiers have all sorts of tricks and stunts of their own. Man, it's an up and coming sport! So all you snow birds, look out! You may be caught in a Spring flood!
