Story... FLOODS IN FEN DISTRICT

Stock...Super XX

Length...400 ft.

---

P.O.s and Engineers work together to unload parts of a Bailey Bridge which will have to span across the gap in the bank of the river Ouse nr. Bluntishan. They intend from bridge to drive in piles to stop flow of water which is destroying thousands of pounds of crops and property.

This will not be completed for 3 days.

Most of the roads in this area are impassable and are breaking up.

Shots of farmers trying to put up temporary bridge that has been washed away adjoining the farm.

Shots of POWs and British troops unloading Bailey Bridge.

Shots of 30 yrd. gap in the bank of the Ouse.

Shots of homesteads which has had to be evacuated and abandoned.

Will get shots floods from Ely Cathedral tomorrow - weather permitting - also the continuation of construction of Bailey.

Don't know what opposition has got.

Opposition: MGM AND UNIVERSAL
