ASSIGNMENT.

| STORY | DATE | TIME |
|---|------------------------------------|------|
| Mrs Newman & their ruined Farm etc also Mrs Bedford. | Wednesday April 2 nd | |

REMARKS.

San I think that your best bet is to contact Mrs Bedford at Nepal aerodrome, who may be able to give you Mr & Mrs Newman's present address. We would like a few scenes showing Mrs Bedford installed in a Nissen Hut.

Then if you can locate the Newmans try for a short sequence as outlined in the attached newspaper cutting. We are after the extremely pathetic angle and the whole material is being incorporated in a special story dealing with the whole general agricultural situation with special emphasis on the appalling conditions in the Khas.
