

## HANDLEBAR CLUB MEET THE GIRLS

On the anniversary of D-Day, at the Windmill theatre, the growers of the longest ~~the~~ moustaches in Britain met at the stage door and were thrown off their balance by a filly. It was the handlebar Club Annual Meeting. Raymond Glendenning provided the running commentary.

These public spirited chaps have brought the handlebars into civvy street and along with them, one or two other tastes of the good old days in the services. To the charms of the Windmill Girls ~~that~~ <sup>no</sup> super-moustache grower could be indifferent.

<sup>now,</sup>  
Well, Jill, how do you react to all these handlebars?

~~Good lord, do you?~~ Anita, how about you? ~~Don't you~~  
~~prefer ~~it~~ with your beard?~~
