COMPLETE DESCRIPTION OF SCENES.

attached dope from Power Jets gives
 technical data.
 It is supposed that 3 million tons of
 mud have to be moved from the Thames
 wharfs etc yearly. I waited until the
 tide receded to see the effect but I
 think the results were best not shown
 or discussed. Included few shots of Thames
 mud as a possible start to story.
 The engine develops 3000 H.P.
 Shot on the river near Embankment Kent-

hope. Gaumont. Movie tone &
 Metro also there Silent
