---

Jewish refugees arrive at Huknitz station near Lubeck where they were conveyed in lorries to a camp at Poppendorf.

Large forces of Military Police and the Sherwood Foresters acted as guards. They all carried wood and rubber truncheons, but there was no trouble.

Still cannot get pictures in docks.

Believe Sunday Chronicle carries protest story sent to Douglas by us. Sunday's pictures covered from escorting destroyer which I believe anyone could have had if applied.

Fed and M.G.M. - opposition.

Doing camp material tomorrow.

Bad story no facilities.
