

*brought out*  
Barrel organs are being ~~allowed~~ again in Berlin. But  
before being ~~allowed~~ *granted a license* to perform each musician has to  
give a performance at the police station, to satisfy  
them that the instrument won't be a public nuisance, ~~before~~  
~~being granted a license~~

Now licenced to play in public the old organ grinder lost  
no time in collecting a young audience, ~~and~~

~~most of the~~ ~~men in the streets~~. It is a good sign that  
at Berlin younger generation is getting a chance to  
grow up in ~~the~~ atmosphere of play w. t. Nazis  
~~destroyed~~
