(Taylor ^{hangs} hands over window sill) - (applause)

"Ladiesapplause interruption.... I believe that this result does still show the Government of the day that the people (hesitate) that a large number of the people of this Division think this country is heading for very dangerous times (boos, hurrahs, etc.) and it still is, it still is, it still is a message(?) to the Government that they should concentrate on policies for the betterment of the economic conditions of this country (hurrahs, etc.) and not on measures of party faring."
