FLORIDA            MILADY PEDALS FASHION!

They say that fashions --- just like history --- comes and goes in cycles. At the

Boca Raton, Florida, they're pedaling that idea in fine style.

Shorts and matching jumper start the wheels spinning.

Cycle fashions offer a variety of style and comfort, whether you're on the patio next summer or going down to the sea on bikes.

For the big fashion wheels of the seaside, pedal pushers and shorts .... in denim and attractive prints.

Yes, transportation-built-for-one can be convenient and stylish.

Believe us ladies, we're quoting directly from the spokes-men!

HAUTE COIFFURE.

Corolles, tel est le thème adopté cette saison par la Haute-Coiffure qui vient de réunir chez le fleuriste Lachaume, femmes et fleurs ces alliées de toujours... Tulipe noire, Lilas blancs, fleurs d'Arun, tels sont d'ailleurs les noms de ces coiffures dont "Corelle" qui évoque si étrangement la fleur, semble mener la danse. Cheveux courts, partant du point central du sommet de la tête pour se coiffer en coupe renversée, sont les principes de ces coiffures qui, encore au coeur de l'hiver, nous parlent de marguerites d'été et de roses de mai..?

67 n. SPANISH FASHIONS.- AN ADVANCE OF SUMMER AND SPRING HITS.-

A very important Spanish dressmaking firm presents an advance of its Spring and Summer collections for 1955.

All textiles, trimmings and motifs are Spanish, a tribute to the possibilities of the national industry in this line.

-Wayfarer- is a three piece ensemble, very practical for traveling and sport.

-Winged- in blue wool with a cape. It is a reversible model which can be transformed into an afternoon dress... a white hat and white gloves give it a spring touch.

-Triana- in black wool georgette. The Spanish influence is evident in the embroiderings on the shoulders and on one side of the skirt. It goes with a flowery hat.

-Ophelia-, a cocktail coat in black "glacé" with a white fox collar.

-Granados- an evening dress in silk tricot gauze; cut like a tunic embroidered in gold and rubies, with a large Bizantine scarf.

-Tanagra- another tunic in white tricot which recalls the Greek classic maidens.

-Elizabeth-, the dress which excited the greatest interest in the international festival of Spanish fashions. Pure white satin with raised embroideries and ivory and diamond paillettes.

-Spain- in white lace and tulle with plaited paillettes; gracefulness and gentility are the main characteristics of this model.
