

KOREA WAR WARMS UP

Though it continues to be a war of positions in Korea, local fights for vantage points are still frequent. American planes blasted the Reds from an awkward ridge ~~from which~~^e they'd overlooked United Nations forces. A

After the ~~air~~ bombardment ~~tanks~~ moved up.

Red Communication lines were harassed from the air. The American jets were soon shooting down the Migs. The Russian swept-back fighters are all-powerful against airliners and unarmed training planes - not so hot against our own jets.
