

## QUEEN LAUNCHES ROYAL YACHT

Dumbarton Castle cannot be entered, even by the Sovereign, until the challenging sentry demands the <sup>identity</sup> ~~name~~ of the ~~want to~~ visitor.

The keys ~~of the castle~~ having been tendered, Her Majesty was at liberty to enter. <sup>Dumbarton</sup> The castle was already old when William Wallace was imprisoned there in 1305, but it was a modern matter, the launching of the Royal yacht at Clydebank, that was the main reason of Her Majesty's visit to Scotland. The 4,000-ton vessel is being built at the famous John Browns Yard. The name was a close secret. When ~~she~~ it was out it proved to be a very popular choice.

*In wartime Brit ed B*  
158 ~~Britannia is so designed that in war time she could be converted into a hospital ship. May no such change/ever be required of a Royal yacht. ~~named~~ and launched by Queen Elizabeth II.~~
