HIGH SPEED CAMERA GETS UNUSUAL TESTS SHOTS

NEG.

1. Gen v of rocket in high speed test 7
~~SUPERIMPOSE TITLE OVER COMPLETE SCENE~~

2. Gen v of cameras being prepared in Mojave desert Air Force Flight Test Center 5

3. Semi v same 2

4. Gen v of rocket gun test being made 3

5. Cu slow motion shot of rocket carriage disintegrating as rocket is fired 5-14

6. Semi v same 7 22

7. Semi v cameras being prepared 3 25

8. Gen v of sled run test 3 29

~~9. Gen v continuation of above run with sled in Tg watching 51~~

9. Cu automatic camera being loaded 3 34

10. Gen v. SLED RUN TEST 6

10. Gen v slow motion of sled run test-- rockets start hurtling thru air at ft 45 9

11. Cu of continuation of above action-- 31 87.
rocket on right comes towards camera as
shadow of rocket on right travels along rail-
rocket on left comes into picture at ft 68
and hits camera at ft 74

12. Gen v completion of above test with rockets
spinning around on ground until it comes to
halt. 6

WITH T. 83.

SI JULES VERNE VIVAIT - Le "Bathyscaphe"

Si Jules Verne vivait, sans doute, serait-il étonné de pouvoir assister à la réalisation de ses plus audacieuses anticipations. Et pourtant, après bien d'autres, le navire des grandes plongées est né... Le moderne "Nautilus" qui supporte l'habitable sphérique destiné à l'exploration des grandes profondeurs, s'appelle, il est vrai "Bathyscaphe"... Mais déjà, il n'y a plus d'anticipation, car sous la direction du Commandant Houot, l'appareil franco-belge, réédition perfectionnée de celui du professeur Piccard, a pris son premier vrai contact avec la mer... Remorqué au large, il a effectué sa première plongée... Plongée d'expérimentation, mais, sous peu on envisage une plongée de 1.000 mètres. Le "Bathyscaphe" nous découvrira-t-il bientôt ces mondes inconnus du fond des mers. On peut maintenant l'espérer...
