

MONKEY APES GENTLEMAN

This is Chimp/s Incorporated. The President speaking. Have lunch with the Elks? Yea, I'll be right over. That's the way with these big businessmen. Snap decision. No hesitation Lend him your transport, sonny, the Rolls has a puncture.... Isn't that just like a real big shot? Not too proud to be seen pushing his own pedals!... Here's the place, the Grand Claryvoy Hotel, dead on time.... How many courses? Four? Bring 'em in.... Polish 'em off? Ice cream! Don't worry about the spoon. No time.... Now the big speech in his honour. Embarrassing to hear all those compliments. Still, these handsome men, they just have to get used to it.
