

BOB HOPE EXPOSES ALAN LADD

The world famous Madame Tussauds was raided. The most sensational stick-'em-up in London. There was a man inside Bob was going to get, dead or alive.

Our policemen are ~~of course~~ wonderful but Mr. Hope gave this one a good tip to keep out of it. Under the eye of the camera the poor bobby had to pretend he couldn't take the money. It's a funny thing but wherever ^{Bob} Mr. Hope goes he ~~can~~ ~~never~~ shake off his ^{evil genius.} ~~bad influence.~~

Greer Carson pretended she ~~she~~ didn't see him, but you can't snub a great lover that way. Bernard Tussaud came to the rescue.
