COMPLETE DESCRIPTION OF SCENES

This was the complete GMFU, the proposed big explosion being a complete flop, together with giving us a 20 second warning before zero and the whole thing went up in 6 seconds.

.....

Build up material.
 Gen shots of the cliffs with Bulldozers working.
 Gen view and close ups on the Mine Detectors at work and the finding of a Mine, close up etc.
 4" stuff the mine being exploded, shots of the spraying of the cliffs to unseat the mines, various shots.
 Another mine exploded. 4".
 Shots of the warning boards along the Beach.
 Semi shot of the Bulldozer at work, this is the particular cliff where the two Mine disposal Troops were killed the other day.
 Staged shots of the Capt. exploding the charges in the Cliff, various shots.

2" shot of the Big!! Explosion but after it had actually gone off, this was owing to the wrong warning.
 Shots of the Cliff after detonation.

" Arri" EX
 I had this cameraset up on the top of the cliff for another angle to be switched on but believe it was missed again owing to the warning. In fact everyone missed it and were all very disgusted.

Very good handout dope attached.

WHICH OTHER SOUND NEWS REELS COVERED STORY Movietone.
