

ALL BLACKS WIN AGAIN

20

London Counties kicked off. A Twickenham crowd of nearly 45,000 wondered if they'd repeat their celebrated triumph over the Spring Boks and lower the colours of the All Blacks too. Science was absent, but there was enough beef to take meat right off the ration. After 20-minutes All Blacks left-centre/ scored with a penalty from a difficult angle.

Leading 8-nil at half-time the All Blacks were the better side. Williams made a mark but to general surprise the referee ordered a 5-yard scrum.

The New Zealanders' heavy pack served them well here. They scored a shove-over try. Jarden missed what should have been an easy kick.

All Blacks won 11-nil, but on this form ~~you~~ are not world-beaters.
