COMPLETE DESCRIPTION OF SCENES

Introduction of the rifle by the C.O. of the Small Arms establishment

This short introduction had to be done, several V.I.P. were present and they had prepared a statement lasting several minutes, the circumstances were a little difficult, to wipe out the statement altogether..after his short introduction the Lieut Col N.J. Dickson hands over the rifle to Sergt Major Maber to show how easy it is remove the only moving parts. This rifle is capable of firing 30 to 40 well aimed shots per minute. It is of Belgian manufacture by the well known company known as the Fabrik National.

~~English~~

Various shots of the gun (singular) being fired... the concluding shot shows two men laying down firing, the new rifle nearest camera, shot this way, that perhaps it may show the difference in handling and rate of fire.

Col Dickson correct title is Chief Instructor of Small Arms.

shots of the target afterwards, these figures represent men at 200 yds.
