

4-POWER CONFERENCE? BERLIN

deputy  
Foreign Minister Molotov, his ~~assistant~~, Mr. Gromyko,  
and a party of assistants and bodyguards, visited the *E-Berlin*  
monument to the Russian Soldier, while the Horticultural  
20 Show ~~in West Berlin~~ was seen by Mr. Foster Dulles.

This was during an interval in the 4-Power talks.  
Mr. Eden went to a horse show, so one way and another  
the Foreign Ministers relaxed agreeably from the  
40 tension of the Conference, now switched to the Soviet  
Embassy the Russians have built in Unter den Linden. These  
are the first films shot inside the building <sup>by</sup> non-Russians.

Ms. Eden's plan for Germany <sup>remained</sup> ~~was~~ a basis ~~for~~ <sup>of</sup> discussion,  
though on this thorniest of questions no one expected  
agreement for some time. When they'd heard Molotov's  
plan, they KNEW it would be some time.
