SPORTS THRIVE UNDER THE SUN

A sight for winter sore eyes, this glimpse of racing off
a 28 mile
Miami for the Lipton Cup; ~~Miami~~ warm up for the
forthcoming Ocean race, Miami to ~~the~~ Bahamas.

The 39-foot yawl Hoot Mon went to the front and stayed there
to win the race.

(277A)
Hoot Mon's crew had a restful time compared with Alfredo
Mendoza, the World Champion water-skier, going through
his repertoire at the famous Cypress Gardens, Florida.

(2nd 5/19) (63)
Yet what does even Mendoza know about excitement
compared with the cowboy suicide squad at Palm Springs
Rodeo.

The brones are child's play. For real rough stuff the bulls
have it, hands down.

SPORTS OCEAN YACHT CLASSIC SPECTACLES

Blue water yachting classic! In the Atlantic off the coast of Miami Beach, sleek racing craft in the 21st annual Lipton Cup race. Ideal sailing conditions prevail -- sunny skies, and an 18 mile per hour northeast wind.

Catching every ounce of the sea-wind's push, a spinnaker spectacle is the Yacht Caribbee, looking for its fifth successive victory.

The Lipton race is over a triangular course of 28 nautical miles -- tune-up for the long-distance Miami to Nassau race.

The "Hoot Mon", 39 foot yawl, is the boat to watch now.

At the finish, her corrected time of 3 hours, 7 minutes, 18 seconds is the best....

So, it's Hoot Mon -- and congratulations for winning boat and crew!

SKI -- RIFIC!

Moving from yachts, to skis -- with a world champion at the art of flashing over the water on boards: Alfredo Mendoza. His performance at Cypress Gardens is a spray-ful, eye-ful! They call Alfredo the most versatile water skier seen anywhere. We enjoy

skiing in the snow, but as for challenging this guy, we'll stick to the white stuff!

The finale -- up and over -- and low bridge!!

COWBOYS TAKE BUMPS

The fourteenth annual Palm Springs Rodeo -- the three r's: ridin', reelin' -- and rough as they come!

These cowpokes are experts. By the way, what we said earlier about skiing, in the snow, still holds. Busting a bronco is too far off the range.

Bull-etin from the corral: when charged lightning on the hoof gets loose, hold onto

your umbrella!

Now, here's a sky-high performer.... Bull-lieve it or not!!
