

FLASHES!

America's reply to the Comet may be ready for test by September. Boeing's B-707 is the first jet airliner built in the States. She'll weigh 95-tons and carry 150 people from New York direct to London in just under 7 hours. That works out at 550 miles an hour.

Visiting Marrakesh the Sultan of Morocco ~~prova~~ to the Mosque to attend the Friday prayer. He was accompanied by the Pasha of Marrakesh, El Glaoui. 15-minutes

- afterwards, during the prayer, the Sultan was wounded by a bomb. Fortunately ~~the Sultan~~ sustained no more than a slight wound on the forehead. He had a great reception from the crowd.... One man was shot down. They weren't sure he was the culprit but it helped to restore order.
