

WHAT TO WEAR FOR SURF AND SADDLE

How nice in every way 3 B
~~It hasn't been freezing everywhere.~~ In Florida, they're going
down to the sea in the latest fashions specially designed
for cycling. ~~Let's look at~~ ^T the girls whose lot is cast in
calmer climes ~~and who~~ dress for the bike and the beach in one
go. The coat ^{covers an} ~~would become a Chinese mandarin,~~ though he'd
~~look silly in the~~ organdy embroidered swim suit. [This one's
called Mystery. What the mystery is the cape reveals. ~~It's~~ ^T ^S ^S
made of waterproof paper. Yes, paper; but the makers
guarantee ^{it it's} ~~the outfit~~ still ^{on} ~~there~~ after the swim.

[The cute thing here is the toreador slacks, useless for
fighting bulls but calculated to interest wolves....

[How pleasant just now to be cycling in Florida.

PEDALING FASHIONS By The Sea

Wheeling hands roll out the bikes at Boca Raton, Florida.

The idea of combining pedaling and fashions for the seashore has its eye-filling appeal....

A mandarin type coat over cotton satin and organdy embroidered bathing suit -- perfect for that bike to surf changeover ...

A "mystery outfit" they call this -- sun-proof cape, and suit of woven waterproof paper.

Riding stylishly, with thin wool jersey top and torcador slacks. Look it over, girls!

Her friends are equally in the fashion forefront -- for two-wheeling, and fun down by the sea.
