Mablethorpe's new sea defences bear a plaque recording their inspection by the Duke of Edinburgh. Two years ago he came here to see the indescribable devastation after the great sea flood. A million and a quarter pounds have gone to rebuilding the prom, gardens and other seafront amenities. At nearby Sutton the Duke called on the District's oldest married couple, Mr. and Mrs. Richard Silcock. A week ago the old people celebrated their 57th wedding anniversary. He is a very young 80. The Duke said he expected they'd have quite a bust up on the 60th anniversary.
