U.S. ANTARCTIC OPERATION

Icebreakers plow through the frozen Antarctic, as the ^{with US} U.S. Navy continues in establishing its camp, at Little America the fifth.

Here, where this south polar exploration, "Operation Deep Freeze" takes place, the local inhabitants are mostly friendly. ~~After all, they've seen polar explorers before.~~

42 These films, reveal vivid remains of the 1911 camp of the British explorer Captain Scott, who died on his way back from the Pole early in 1912.

~~43~~ Arriving at Little America ^{is} the "number one" polar veteran, ~~the~~ Rear Admiral Richard E. Byrd.

~~45~~ Before returning to the U.S. ^{with US} he again dedicates the site of two previous expeditions. ~~And he will return to see new scientific chapters written in the Antarctic.~~
