COMPLETE DESCRIPTION OF SCENES

Various shots of Malenkov speaking and sitting next to Mr. Malik. In his opening speech I was more or less completely blocked by Press men in the foreground and he sat in a chair throughout his speech and also sat in a different chair as to what was expected.

This was difficult to cover regarding footage considering everything he said was translated by his interpreter. In the latter part of the proceedings he stood up and answered questions put to him by the Press. It was not possible to hear these questions over the microphone but there are various shots of Malenkov standing with his interpreter and answering questions.

REBLAY (80ft.)  
 Various cutaway shots of Conference.
