

FRENCH BEACH FASHIONS

The Paris fashion world turns its eyes to the coast. And if it's still chilly where you are, it'll be warm soon and, ^{anyhow} swim-wear designers have to look ahead. So notice the ~~jack~~ ^{2-piece} ~~which discloses a two-piece~~, such as France will sponsor on the beaches this summer. If you're swimming the channel or competing in the Olympics Paris isn't interested; but if you want to dazzle, decorate, attract and fascinate, remember - one lovely on the beach takes the eye more than ten shivering in the water.

57 Given anything like a summer it looks like being a very nice one.
