

LATEST JETS PRACTISE CARRIER LANDINGS

20

Could the DH110 operate from an aircraft carrier? Trials on Ark Royal, off the south coast, proved that this largest all-weather ~~aircraft~~ ^{fighter} is perfect for carrier operations. The trials established the right approach speed.

The Vickers-Armstrong ^{N.113} ~~aircraft~~ ^a passed/similar test.

The aircraft is the most advanced day-fighter built for the Navy. It can carry the atom bomb.
