

HATS OR BAGS?
GUESS WHICH

It's transparently clear that this one, at any rate, is doing duty as a sort of hat, at a pinch. Perhaps this one's more like it. However, this summer we shall see them on the beaches, keeping off the sun or even saving many a pretty head from the rain. It's a French idea, how to combine hat and handbag. You could almost imagine this one breaking out into a tune.
