

DUKE SEES MOUNTAINEERS IN MAKING

20 The Duke of Edinburgh was accompanied by Everest hero  
Sir John Hunt and Football Association Secretary Sir  
Stanley Rouse when he visited the Snowdonia National  
Recreation Centre. Winter or summer  
30 nature provides nearly everything here from canoeing to *ski-ing*  
mountaineering. Many students who <sup>now</sup> spend summer holidays  
40 in the Alps learned their rock climbing here, though not  
under the eyes of one of the conquerors of Everest.

 The centre at Plas Y Brenin has accommodation for about  
fifty. The present batch had good weather, all that  
nature provides and a royal visit thrown in.
