COMPLETE DESCRIPTION OF SCENES

Roll 1.

After the operations have been ended from the Paphos mountains the security forces are carrying the arms and the ammunition found on those mountains, been used by the gunmen of EOKA terrorist organization. the army have not allowed any pressman to be at the actual operation but they have given permission to take the staff when were brought to Nicosia headquarters for checkings.

Starding showing the jip with the paratroopers who have been engaged to the operations, bringing the staff to the headquarters...coming off the car to unload the staff...shots of unloading them on the ground.. other shots of the pistols,, and bran gun, tommy gun examined by the troops..Many of the above material were proved that have been used for many murders in Cyprus.
