

CANAL USERS' ASSOC. - BIG THREE TELL PLAN

The reassembled Parliament defeated the opposition vote of  
of  
censure and approved the Government Suez Canal policy  
by a 71-majority. The debate excited  
more interest than any since the world war. Two dramatic  
announcements were made: Britain, America and France are  
forming a Suez Canal Users' Association, to which other  
nations are invited; second, the Prime Minister undertakes  
not to ~~bring a case through the Security Council~~ to refer the  
matter to the Security Council if Nasser will not co-operate.  
~~Sir Anthony Eden said that this was the American policy~~  
formulated by Mr. ~~Ball~~
