

QUEEN MARY.

391

Broughton --- on her way to Muncaster Castle, Queen Mary paused at this little village, where an interesting ceremony took place. Her Majesty was presented with a basket, made of oak by a special process --- but rain robbed the ceremony of much of its old-world charm.

MISS AMERICA FOUND.

Atlantic City --- Miss New Hersey was elected Miss America, but instead of waiting to be crowned she ran back home to her family. The reason she gave was that she didn't want fame, but longed to get back to her studies. Seeing this picture will make a lot of us old boys think we should go back to school.
