

JAPANESE BOMBING.

You are now in a bombing plane over China --- Gaumont British News cameraman secured these pictures during an actual raid over the Peiping-Hankow district.. . . . the first time such a film has ever been taken. Filming from one of the squadron of battle planes, your pictures tell a ^{terrible} ~~graphic~~ story of aerial torpedoes, hurtling down their tons of high-explosive death.

The objective of this raid was the railroad --- but from such a height, and with such ~~heavy~~ ammunition --- how can/ ~~it~~ ^{they} ~~fail~~ fail to deal out indiscriminate murder, among the population of women and children ~~then~~ densely packed in the city below? Follow the flight of death, in a war of ~~1937~~ this year of grace 1937 ----- massacre and mutilation flung ~~down~~ from the sky. It was this that stirred ^{the United States,} ~~WASHINGTON~~ to denounce Japan as the agressor --- ~~thisxxxxxxx --- xxxxxxxxxxthatxxxxxxxPresidentxxxxxxx~~ it was this that stirred their President, to denounce the cruel sacrifice of innocent peoples.
