HORSE RACING.

Randwick is one of Australia's most popular race-meetings and here many thousands of turf fans are watching the Epsom handicap. Twenty-one starters for one of the big prizes of the year. ~~A mile to go~~ ~~outsider and favourite jostle for position.~~ ~~A horse called 'Talking' is not favourite, but it was Gold Rod who won.~~ Coming to the winning post, let's see who's winning. Not so fast please! Our cameraman steps on the brake and slow motion gives you a classic finish. ~~As the horse is the friend of man, so the dog is the friend of the police, if he's trained that way. This is what they do in New South Wales, but not in public. The training of these police dogs is severe, but it shows you in glorious motion the agility and strength of the Alsatian. That's jumping.~~ ~~And now again, slow motion camera on action at it's breath-taking best.~~
