

SKI-ING.

Once again winter enfolds the Alps near Garmisch, and the ski-ers have hardly allowed it to settle before going out to spoil the look of it. With miles of untrodden snow and the crisp air of the mountains --- this is a winter sports paradise.

ICE HOCKEY.

Ice hockey too, is under way. Indoors, in New York, star spangled Americans met the New York Rangers. It's a great game, this ice hockey --- and it's always considered best when it ends up in a fight. Americans put up a grand show, but Rangers won by one goal and a couple of broken noses.

ROLLER SKATING.

Skating, too --- but this time it's roller skating. Girls competed for the first time in a 3,000 mile marathon. It goes on for thirty days --- you begin to wonder ~~where they are~~ ~~when they don't come home~~ ~~for a month~~ where they are when they don't come home for a month. Thirty days of skating --- ~~and hardly a time to sit down~~ they must get very sore feet.
